FINANCIAL NEWS AND COMMENT

Another Active Day in Stock Market. With Strength After a Reaction.

RAILS MOVE UPWARD

Reactionary talk preceded the Stock Exchange opening yesterday and in the forefront of the session the market movement was in keeping with the expectations indicated. Their origin was apparently in a consensus arrived at in overnight discussions among brokers and traders that speculation for the rise in industrial shares had produced a top heavy situation which might result in unfavorable developments.

This was the result of the result of the rising tendencies again displayed by rails and standard stocks generally. There has been a feeling for some time that a renewed effort to induce profit taking was represented by the creation of reactionary sentiment it was altogether wholly unproductive.

It was to be assumed that in a business matter even so great as undertaking, there could not be any business difficulties which would prove an insuperable obstacle to agreement. In its other character as an interest in the future, the in-loan, too much leeway has been given to the propaganda of antagonism.

RECORD RUSH AT DODGE PLANT

Outlook Now for Most Prosperous Year of Company. M. W. Miles, president of the Dodge Manufacturing Company of Mishawaka, Ind., said yesterday that the company had on hand more unfilled orders than ever before in its history.

\$2,000,000 COPPER BONDS SOON

Tennessee Company Preparing for Continued Expansion. The Tennessee Copper Company will soon announce an issue of \$2,000,000 of bonds. The issue will be made in view of the expansion of the company's business and the likelihood, in the opinion of leading interests in the company, that it will continue.

THE COFFEE MARKET.

Market Dull—Speculative Interest Apparently Absent. The coffee futures market was dull and uneventful on Friday. The market was unchanged to 4 points on transactions in coffee beans. There appeared to be no change in the price of coffee beans and the market was very dull and narrow through the day.

STEEL MILLS BUILD TO MEET WAR NEEDS

Pressure of Business Causes Spending of Millions in Plant Extension.

The pressure of business upon the steel mills, due almost entirely to the heavy export requirements incidental to the European war, is reflected in further preparations for plant extension, calling for the expenditure of millions of dollars. One of the latest contracts of this sort calls for 1,500 tons of steel for an extension to the Shelby Steel Tube Company plant at Shelby, Tenn.

The Pressed Steel Car Company, which some months ago booked a contract for 7,000 railroad cars for the Russian Government, is now making a contract for 10,000 cars. The contract, which will be completed with the calendar year, the steel wheels and axles for these cars are being furnished by the Carnegie Steel Company.

The New York Central Railroad Company has placed a contract for 2,000 tons of standard section steel with the Toledo, St. Louis and Western Railroad Company. The contract is for 2,000 tons of standard section steel for the Toledo, St. Louis and Western Railroad Company.

The American Bridge Company has placed a contract for 2,000 tons of structural steel with the Toledo, St. Louis and Western Railroad Company. The contract is for 2,000 tons of structural steel for the Toledo, St. Louis and Western Railroad Company.

While the Russian commission in the country is endeavoring to reduce the deliveries of machinery and war supplies secured in this country, the American Bridge Company has placed a contract for 2,000 tons of structural steel with the Toledo, St. Louis and Western Railroad Company.
